WHY A LA CARTE?

Instead of trying to squeeze couples into rigid packages, we came up with this pricing outline. It gives you complete control over everything included in your package. Know where the cost is; cut costs in certain areas so that you can splurge on the important features you want. It's completely up to you!

WHAT'S INCLUDED?

Every product you purchase comes with editing, ending credits, DVD authoring, and 3 custom DVDs (w/cover).

A LA CARTE PRICES

How it works: Pick your budget and then decide which features to include. If you do the math, you'll find that the higher the budget amount, the more value you get from your points. When your points total higher than this scale, it's time to jump to our Diamond or Crown packages where everything is included!

\$900 = 37-40 points	\$1400 = 57-60 points	\$1900 = 80-84 points
\$1000 = 41-44 points	\$1500 = 61-64 points	\$2000 = 85-90 points
\$1100 = 45-48 points	\$1600 = 65-69 points	\$2100 = 91-95 points
\$1200 = 49-52 points	\$1700 = 70-74 points	\$2200 = 96-100 points
